**Subject:** Soos Creek Hatchery SEPA Comment Received

Dear Mr. Carver,

Thank you for letter of November 4, 2013 responding to the State Environmental Policy Act (SEPA) public comment period for the Soos Creek Hatchery Redevelopment. We concur with your sense of the importance of the role of this hatchery, and its staff, in sustaining salmon populations.

WDFW is continuing the work on the other permits required for this project and remains hopeful that construction can begin during the coming year.

Sincerely,  
Douglas

Subject: Proposal for improvements to Soos Creek Hatchery

Thank you for finally proposing these improvements to the Soos Creek hatchery . We in the community have been waiting a long time for this.

The staff at this hatchery for years have gone over and above at making this facility work for years . The Hatchery it's self plays such a vital role in the in put of Hatchery fish into Puget Sound and is needed . I will personally volunteer in any way possible to help with this project .
